"Duty, Honor, Country: Those three hallowed words reverently dictate what you ought to be, what you can be, what you will be. They are your rallying points: to build courage when courage seems to fail; to regain faith when there seems to be little cause for faith; to create hope when hope becomes forlorn." –General Douglas MacArthur, May 1962, West Point, New York

As a career educator in PME, who has tried to do my best working for Presidents of both parties, this was a very disturbing and disheartening episode. SECDEF and SECARMY outsourcing civil service personnel decisions to a right-wing conspiracy theorist is the latest step in politicizing the military and hardly likely to bring us the best and brightest for making American defense policy.

I'm a past trustee of the USNA during the Bush 43 presidency. I was frankly appalled and offended that Michael Flynn was placed on the Board of Visitors at West Point. My late father was a career soldier in the Army. Sadly, I'm grateful he didn't live to see this mockery and mistreatment of minorities and women leaders in our Armed Forces, including the superintendent at ...more

Respect and admiration from this '91 grad. While infuriated on your behalf, it also motivates me to continue to hold the line against sophistry and faux outrage.
