Virginia Beach Democratic Committee stands firmly behind Jay Jones for Attorney General

[FOR IMMEDIATE RELEASE]

Virginia Beach, VA – The Virginia Beach Democratic Committee (VBDC) reaffirms its full support of Jay Jones for Attorney General. We are lined up, ten toes down—ready to organize, mobilize, and deliver voters for Jay and our entire Democratic ticket.

Recent press may have spotlighted past mistakes. We say, let those without sin cast the first stone. Jay Jones has taken responsibility, apologized, and shown he is committed to serving with integrity and accountability that his public record already shows. Virginians deserve a leader who learns, grows, and stands for everyday people—and Jay is that leader.

Jay Jones is a stark contrast to Jason Miyares in every way. In his tenure, Miyares has failed to stand up for Virginia families' concerns or values. He has not defended women's reproductive rights, workers rights or protected the hundreds of thousands of Virginians who are on the verge of losing access to their healthcare benefits and service providers.

The VBDC is calling on all Virginians to line up behind Jay Jones. Together, in November we will defend democracy, and secure leadership in the Attorney General's office that truly serves all the people of Virginia.
